TIME	DETECTED	PRECEDED BY	DOGQUIET RESPONSE
08:02:25	Bark	Another dog	None
17:44:01	Bark	Doorbell	Deterrent played, 16s

Every entry was detected on this device by an automated audio classifier listening through the phone microphone; entries are machine-generated and are not a human identification of a specific animal. Times are taken from the device clock in the time zone listed above and are shown in 24-hour format. "Response" means DogQuiet played a high-frequency deterrent sound, and for how long it played. Audio recordings are not included in this report and are never uploaded off the device.
